“As a superintendent, it's so much easier to stay organized without the clutter of paper. That's what I really like about this tool. I also appreciate the flexibility and accessibility to project information from anywhere anytime.”

*Jason D., Superintendent, SAB*

“For me it is great that everything is so centralized -- it's all encompassing. So much of it is just one entry and you never have to enter the same information again.”

*Sheila G., Project Administrator, SAB*

“With the automation that the pay app module provides I found that a progress billing can be completed within a span of 10 minutes start to finish and there is a much greater reliability to the data transfer from month to month!”

*Molly K., Project Manager, SAB*

“A very useful tool. The search program will scan your logs and retrieve all entries pertaining to your search. No longer thumbing through your log book trying to read your bad handwriting, and not remembering the date when an action occurred.”

*Jim C., Superintendent, SAB*
